Spring 2023

SNS Medical Fund Successes

Willie Needed Surgery

Willie's owner writes to SNS: "He needs surgery to remove a mass he has on the side of him. I've been trying to save money but unfortunately unexpected things happened.

A little about Willie. He was picked up from the streets by PACC and had his eye popping out. PACC did the surgery to remove his eye.

He was adopted out to a family, but unfortunately, they didn't want him anymore

and they were going to take him back to PACC. I heard his story and decided to bring him in as my own. He's brought so much joy and laughter to my family. He's such a sweet/stubborn boy."

After surgery, paid for by our [Roberta Wright Medical Fund](#), Willie is back home with his loving family.

Dopey Had Parvo

After hospitalization and treatment, paid by our [Roberta Wright Medical Fund](#) Dopey's owner says, "Dopey is doing AMAZING! He is so happy and playful, he enjoys running around with the kids and going for car rides to PetSmart to pick up his food and a new toy! I cannot even begin to express my gratitude to you for allowing us to have this beautiful soul in our lives.

None of us knew what we were missing until we met Dopey! Katie you are an angel and we could never express to you how much you've given us!"

1,646 Animals Altered
875 Cats & 771 Dogs

December 1, 2022 - March 31, 2023

Dear Animal Advocates,

Our Testicle Festival Project is an annual special spay/neuter event running for three months. In those months all spay/neuter procedures are only \$5.00 copay from the pet owners of cats and dogs of both sexes. In the last three years we have started the event earlier and earlier, hoping that we can prevent the unnecessary birth of thousands of animals in the Spring.

This year we received and approved all **3,934** applications. Because we are currently limited to working with only three low cost spay/neuter clinics, there were "only" **1,541** operations by the end of March, but the certificates are valid for six months, until the end of our Fiscal Year in June. In the last six months our average monthly bill was **\$35,925** which includes the \$4,920 for 56 spays and neuters at the February Oracle Clinic.

As you might know, Amazon has ended the Smile program that supported small nonprofits. In an effort to offset these losses, we have joined **WALMART's Spark Good** program, which allows online (Walmart.com) shoppers to support a non-profit by rounding up their total. If you shop online at Walmart, you can select Spay and Neuter Solutions for participation in this program from your Manage Account menu.

If you have friends or co-workers who you think would support us, please share this Newsletter with them or send us their email/ mailing address and we would be happy to add them to our list of supporters.

Thank you for reading our Newsletter and thank you for supporting our Mission!
