SNS Provides the Solution

Hello Ms. Powers. This is Dolores. I hope you received the pictures of Ocean and Canela. How can I not be grateful to you? If it weren't for programs like this to help care for our pets, I would not have been able to take care of their needs. I think it's important that pets get spayed or neutered to prolong their life and most important to not bring unwanted fur babies into the world to suffer. All my life I have saved animals from possibly a horrendous situation or life. I love animals and believe that they should be loved and cared for. They become family. Speaking for myself I love my fur babies. They are happy to see me anytime of the day or night. When I am feeling down or too anxious, they know and are there by my side to comfort me. So how can I not love them. Again, Thank you a million times for all your help. I appreciate what you've done for me. May God Bless You Always...Have A Beautiful Holiday.

Sincerely,
Dolores
